..bringing the world of shopping to your fingertips!

Atlas Shopped Online Privacy Policy

Your privacy and security are very important to us. We make our policy very simple – we do not believe in sharing of information that you give us, such as email addresses. Please, be aware that, in this day and age, spammers are quite adept at mimicking trusted sites. We will NEVER ask you for ANY personal information. Nor, will we send you offensive, sexually explicit emails. If you receive any such emails, please forward them to security@atlasshopped.com so that we can investigate the actual source and prosecute them.

E–Mails

If you gave us your e-mail address, you will receive e-mails from us in the form of weekly e-newsletters and special offers. If you no longer want to receive these promotional e-mails from us, please send us an email to unsubscribe@atlasshopped.com with the word “Unsubscribe” in the Subject line. Within a month of unsubscribing, you should no longer receive any additional emails from us. If you choose to again receive our newsletters, you will have to sign up again on our website.

You should only receive emails from our advertisers if you signed up to receive them directly on their sites. Atlas Shopped cannot unsubscribe you from those emails, however. You will need to contact the advertiser directly to be removed.

Sharing of Information

We DO NOT willingly or knowingly share any of our customers’ information or email addresses with anyone.

Advertisers Privacy Policies

Our website offers links to our participating advertisers sites. These sites each have their own Privacy Policy. We are not responsible for the information that you give to another site that you visited through us. Please be sure to review the Privacy Policy of all of our advertisers before giving them personal information.

Consent

By signing up for our Coupons & Special Offers e-newsletter, you consent to have us email this newsletter to you on a weekly basis. It may occur that we will add additional newsletters in the future. At that time, we may also send those to you on a trial basis. If you wish to continue receiving them, you will have to “Opt-in” for them.

Fraudulent Emails

"Phishing" is a scam designed to steal your personal information. Since we do not process your credit cards for payments of any kind, we will NEVER ask you for personal information. If you receive an email request that appears to be from us and is asking for credit card, social security, or other personal identification – DO NOT REPLY OR RESPOND – just delete it!

Changes to our Policy

In the future, we may find it necessary to modify this Privacy Policy, so it is a good idea to check back, on occasion, to see what information may have changed.
